THE PURPOSE OF UK KIDZ

UK KIDZ was established to offer new , innovative and improved ways of childcare for:

- Pre-school Children
- Children when they are out of school.

UK KIDZ developed from consultation with:

- Local parents
- Childcare providers including childminders
- OFSTED
- Out of Schools Network (OSN)
- Pathways to Childcare.

UK KIDZ PHILOSOPHY:

The philosophy of UK KIDZ is to put the Child first, so we do those things that the Children need and enjoy in a care environment.

We provide hands on safeguarding, and child development. We use individualised Child care plans stemming from the contract with the parents.

We believe that our Childcare provision is planned by children's demand to meet needs of parents: "Parents have life and work demands that require them to seek support for the care of the children.

UK KIDZ :

Will care for all Children

We also allow by arrangement Mother and toddler sessions

UK KIDZ:

Provides Home to School and School to home or Childminder drop off services

SPECIAL NEEDS CHILDREN;**PARENT'S RESPITE:**

Children are demanding, but often there are special needs that impose even more demands on the parents.

UK-KIDZ can assist. Once a funding provision is secured by the family; UK KIDZ will allocate a service as appropriate to enable the parents have respite.

PARENTS NEEDS:

UK KIDZ will meet Parent needs to:

- go shopping
- Attend job interview
- Go to a special meeting where children are not allowed
- Put on a birthday party (UK KIDZ is ready to help)

SPECIAL EVENTS: UK KIDZ:

Will supply staff and toys to provide a crèche for any special event.

UK KIDZ

LEARNING THRU PLAY

Babies when born, start to learn. Experiences of a baby help to develop a child. At UK KIDZ: We use heuristic play: **Heuristic play is rooted** in young children's natural curiosity. As babies grow, they move beyond being content to simply feel and ponder objects, to wanting to find out what can be done with them. Toddlers have an urge to handle things: to gather, fill, dump, stack, knock down, select and manipulate in other ways

Household or kitchen utensils offer this kind of activity as every parent knows, and can occupy a child for surprising stretches of time. At UK KIDZ Toddlers make enjoyable discovery – for instance when one item fits into another, or an interesting sound is produced – they often repeat the action several times to test the result, which strengthens cognitive development as well as fine muscle control and hand/eye coordination. UK KIDZ believes that every Child matters and deserves the very best.

UK KIDZ PROMISE TO PARENTS:

(PARTNERSHIP): We will meet you at the point of need, work with you and support you to ensure that the Child is cared for and that you are able to depend on UK KIDZ at the point of call

UK KIDZ values the participation of parents at all levels. We provide opportunity for parents/carers to be part of the Children's experiences and development. Through partnership we are able to have trust between Parents/carers and UK KIDZ

UK KIDZ
believes that
every Child matters and deserves
all the very best.
